« Due to the **unique design** of its **mobile** and **removable hatch**, the Cockerill® CPWS is **multi-mission** capable. It can accommodate **25 mm and 30 mm** calibre cannons and an **anti-tank missile** capability. Last but not least, this light system allows for **under-armour reloading**, thus maximizing the protection of the crews. »

Thierry Renaudin  
President of John Cockerill Defense
